YOUTH AND ENVIRONMENT EUROPE (YEE)

Youth and Environment Europe (YEE) is an organisation uniting environmental European youth non-governmental organisations. Since its foundation in 1983, YEE has been a platform for many organisations that study nature and are active in the field of environmental protection.

The aim of YEE is to provide a platform where these organisations can cooperate and to encourage youth to be involved in environmental protection. YEE creates an opportunity to contact other European organisations, to exchange experiences, ideas and to work together.

YEE is a member of many international organisations e.g. European Environmental Bureau, European Youth Forum, Taiga Rescue Network, CEEweb for Biodiversity.
